European Economy and Business Management

Bachelor programme | Full-time

Katharina Reuschel, BA

Graduate and CEO

Atelier Reuschel

„After my design studies and my training as a couturiere at a well-known Italian fashion label, my goal was to become self-employed. Creative thinking alone does not make a successful entrepreneur, so I decided to start my second degree at UAS BFI Vienna.

Especially the courses in business strategy and business law helped me to found my company and to create my business plan. The degree programme allowed me to combine my craftsmanship with economic logic.“

Dear prospective student,

we are happy that you are interested in the bachelor programme in European Economy and Business Management. Choosing the right degree programme can often be quite challenging and raise many questions. With this brochure, we want to offer you a comprehensive insight into the contents and structure of our programme, as well as the career opportunities you will have upon graduation, offering you the best possible support in making your decision.

The degree programme stands for a generalist business education that provides you with practice-oriented knowledge in the different areas of international business management. With a view beyond the domestic horizon, you will learn how processes function within a company and cover everything from accounting and legal framework conditions to company foundation, location selection and export management. Another focus lies on the economic and political embedding of companies in their national and international environments.

With the unique combination of interdisciplinary business skills and languages, nothing stands between you and your career in international management.

A bachelor programme is an investment in your future, and as a graduate of the programme European Economy and Business Management, you are optimally prepared to successfully master the diverse challenges in companies!

Prof. in (FH) Dr. in Elisabeth Springler

Degree programme director

European Economy and Business Management

Bachelor programme | Full-time

What you can expect during your studies

The bachelor programme is optimally tailored towards the current requirements and developments in the world of work and provides you with all the skills and contents relevant to the workplace. As a graduate, you will be able to:

- Analyse and implement international business opportunities.
- Understand the interdisciplinary environment of international developments and implement measures to promote the sustainable development of a company.
- Develop new or modified business models and assist in their implementation.
- Communicate business field decisions to national and international stakeholders.
- Build international relationships and networks.
- Plan and execute international business transactions.

What awaits you after graduation

After completing your studies, a wide range of career opportunities will be open to you:

- Management consultancy
- (International) tax and accounting firms
- Controlling and finance
- Start-ups and company formation
- Export management
- National, European, and international interest groups
- Public sector
- EU institutions, international think tanks

Main focus

The bachelor programme European Economy and Business Management offers you a scientifically sound as well as practice-oriented education at the cutting edge.

Highlights

of the degree programme European Economy and Business Management

25% of ECTS points offer focus on sustainability and digital competency

50% of ECTS points offer international focus

Customise your programme: choose from 5 electives and 3 compulsory elective languages

To further emphasize the internationality of my studies, I completed a semester abroad in the beautiful French city of Lyon.

During my stay, I was not only able to significantly improve my language skills, but also discover the region and its local cuisine through joint activities with other students, thereby making friends for life.

Annemarie Farkas, BA
Graduate and Junior Marketing
Manager, MM Group

Experience internationality

University of Applied Sciences BFI Vienna cooperates with more than 80 partner universities all over the world. Our international network results in many joint projects and an intensive exchange of lecturers and students.

A stay abroad offers you the unique opportunity to make international contacts, hone your foreign language skills, get to know other cultures, and develop professionally and personally. In addition, gaining international experience opens up a wide range of career opportunities for you.

Options for your stay abroad

You can take advantage of our long-term mobility programmes ([semester abroad](#) or [traineeship abroad](#)) and short-term mobility programmes ([International Bachelor Weeks](#), [summer schools](#)). During the short-term mobilities, you will spend one to several weeks at one of our partner universities and have the opportunity to receive inspiring input from experts in workshops and lectures and work together in intercultural teams.

APPLICATION DEADLINE

For semester abroad in the summer semester: 15 september

SHORT-TERM & LONG-TERM MOBILITY OFFERS

Semester abroad or traineeship abroad
International Bachelor Weeks
Summer schools

PARTNER UNIVERSITIES

e.g. in Canada, Chile, China, Japan, Mexico, Malaysia, Peru, Spain, France, UK, Finland, Norway, Turkey & Ireland

Studying at UAS BFI Vienna

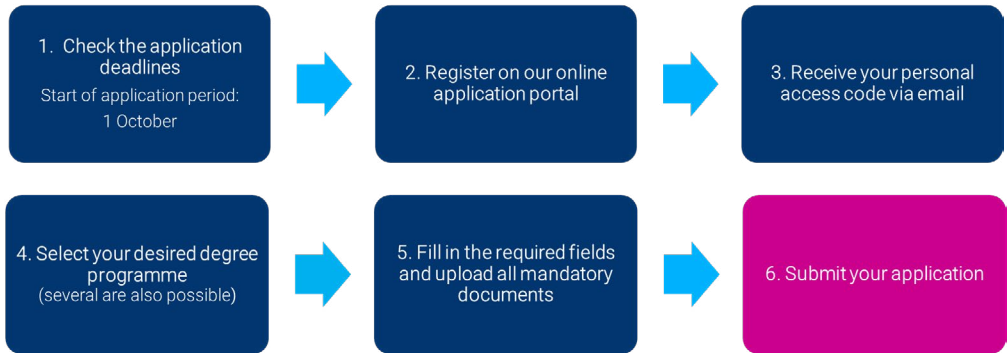

Admission requirements

If you meet one of these admission requirements for the bachelor programme, nothing more stands in the way of your application:

- Austrian secondary school-leaving certificate („Matura“) **or**
- Vocational matriculation qualification (“Berufsreifeprüfung“) **or**
- University entrance qualification exam (“Studienberechtigungsprüfung“) for social and business studies **or**
- A foreign certificate that is equivalent to one of these Austrian certificates **or**
- Completion of a relevant apprenticeship or a relevant school for intermediate vocational education plus supplementary exams in English and mathematics.

For this degree programmes you require English CEFR-competence **level C1**. German language competence is not necessary for this programme.

Your application in 6 steps

Admission test for your desired degree programme

The admission test for bachelor programmes consists of the following test sections: reading comprehension, English, maths, business administration and a degree programme-specific part. The test takes place online between March and June. As soon as we have checked your application and you meet the admission requirements, we will invite you to the admission test via email. From the date of the email onwards, you will have seven days to book your test date yourself via the application portal. From the end of January/ beginning of February, preparation materials for the admission test will be available on our [website](#), which you can use to prepare yourself optimally.

In the guide „[Application and admission](#)“ we give you a comprehensive overview of the admission procedure at our UAS – from your registration on the application portal to the admission to your chosen degree programme.
